

I had a case, 07-cv-01296-JRT-FLN. Look at docket #99. Look at docket #100 – that's the memo explaining why Noel should not be judging my cases.

There was no response to this motion. It's very simple – Noel wants me dead.

I want an affidavit from Noel concerning the allegations presented in #100.

Otherwise, I want the case reopened, and I want a judge that's not trying to kill me. Also, I want any sanctions brought to me via Judge Noel – I want them dropped.
